"Health Advisory - Diseases Spread by Mosquito - ZIKA virus, Chikungunya virus, Dengue fever: In order to reduce the risk of contracting any number of diseases spread by mosquito bite, including ZIKA virus (in countries where Zika virus transmission is ongoing [see <http://wwwnc.cdc.gov/travel/notices>]): Malaria, Dengue Fever (especially in the Dominican Republic, Puerto Rico, India, Mexico, and Haiti), and Chikungunya (especially in Haiti, Dominican Republic, and St. Martin [both French and Dutch sides]), travelers are urged to take precautions to avoid mosquito bites by remaining in well screened or air-conditioned areas when possible, by wearing clothing that adequately covers arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellents are those containing DEET at a concentration of 20-30%. Mosquitoes carrying the ZIKA virus may bite at all times of the day or night, but there are two peak periods of biting activity - in the morning for several hours after daybreak, and in the late afternoon, for several hours before dark. Pregnant women who are travelling to one of these affected areas may contact our onboard medical center staff, and are encouraged to strictly follow steps to avoid mosquito bites during the trip (see <http://wwwnc.cdc.gov/travel/page/avoid-bug-bites>). Mosquito repellent may be purchased in the onboard gift shop or in the medical facility."

Helpful Health Information - Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as Norovirus, which can be transmitted through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. According to the U.S. Centers for Disease Control and Prevention and Public Health Agencies around the world, Norovirus affect millions on land each year. In fact, the only illness that is more prevalent is the common cold. Symptoms of Norovirus include an upset stomach, vomiting and diarrhea. Should you experience any symptoms of gastrointestinal illness, call the medical staff at the following number 1200 for a complimentary consultation and treatment, if necessary.

Pool life jackets for children are available - Pool life jackets for children are available, free of charge, on Deck 15 near pool towel desk area. Life jackets are for use on board the Oasis of the Seas only and cannot be taken off the ship.
