Tonights' Dinner Dress Suggestion

Casual

Luggage Delivery

We understand the urgency of getting your bags, and we're doing everything possible to get them delivered as quickly as possible. We estimate the delivery process to continue up to 8:00 pm. We appreciate your patience and understanding.

We're Sensitive!

All guests are reminded, to not flush anything down the toilets except for the supplied toilet paper. Items such as wet wipes, facial tissue paper, makeup remover wipes, cotton buds, paper towels, sanitary products, diapers, etc should be put in the trash bin provided. Plastic bags are available on request. Our system is very sensitive and works on a vacuum, unlike any land based systems

Gratuities

A \$13.50 gratuity will be automatically added to each guest's SeaPass® account on a daily basis to be shared among dining services, Stateroom Attendants and other housekeeping services crew who work to enhance the cruise vacation. Suite guests will see a \$16.50 daily gratuity. Guests who prepaid gratuities prior to boarding this voyage will not have a daily charge onboard. A 18% gratuity is also automatically added to beverages, mini bar, and on spa, salon and fitness purchases.

Seapass Cards

Please remember that magnetic and electronic devices such as cameras, cellphones, purses or sunglass cases with magnetic clasps will demagnetize your SeaPass Card and you will not be able to open your stateroom door. If this does happen, please stop by the Guest Relations Desk and they will print you a new one.

Parental and Guardian Responsibility

For purposes of this Guest Conduct Policy, a minor is defined as anyone under the age of 18. A young adult is defined as anyone ages 18, 19 or 20. Parents and guardians are responsible for the behavior and appropriate supervision of their accompanying minor(s) and young adult(s) throughout their cruise vacation.

Smoking Policy

For the comfort and enjoyment of our guests, Royal Caribbean International ships are designated as non-smoking. For your safety, smoking is not permitted inside any stateroom or on any balcony, however we recognize that some of our guests do smoke. Therefore, to provide an onboard environment that also satisfies smokers, we have designated certain areas of the ship as smoking areas.

Personal Flotation Devices

For the safety and well being of children, children's swimming pool personal flotation devices are available free of charge at the pool deck areas. Personal Flotation Devices (PFDs) are for use onboard the Majesty of the Seas and cannot be taken off the ship.

Guest Muster Drill

Familiarize yourself with the safety routine onboard and your Muster Station, your assigned meeting place in case of emergency. View the safety film on your stateroom television. A compulsory Guest Muster Drill will be conducted at 3:30 pm. All guest service facilities will be closed at 3:15 pm in preparation for the drill.

Guests Are Encouraged To:

Utilize available shipboard in-stateroom safes to secure all valuables and to hand carry all valuables, including cash, video cameras, electronic equipment, sporting equipment and breakable items.

Tomorrow is Day 2.

We will be in CocoCay, Bahamas.

NOTICES

Safety and Security - For Safety and well-being of all persons onboard, some members of our Security Team will be wearing Body Camera as a part of their uniforms.

Helpful Health Information - Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Norovirus include an upset stomach, vomiting and diarrhea. According to the U.S. Centers for Disease Control and Prevention, Norovirus affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a consultation and treatment if necessary.

Poolside Safety - Splashing in the pool is fun but the pool deck can become slippery as a result. Please watch your step in this area.

Use Caution Opening Doors Onboard - Doors onboard, to staterooms, the decks, restaurants and other venues - are typically heavier than doors back home. Please use caution when opening and closing them.

Hold Steady with Handrails - Even on the calmest of seas, the ship may shift unexpectedly. Use the handrails located throughout the ship whenever we are sailing.

United States Public Health Regulation Information - Animal foods such as beef, eggs, lamb, milk, pork, poultry or seafood that are raw or under-cooked significantly increase the risk of food-borne illness to vulnerable and immuno-deficient guests.

Hot Tubs - Hot tubs will be closed from 10:00 pm - 6:00 am for cleaning purposes.

Health Advisory - CDC has issued a travel alert (Level 2 - Practice Enhanced Precautions) regarding Zika virus transmission for people traveling throughout the Caribbean, Central / South America, Mexico, Oceania / So. Pacific Islands, Southeast Asia and Cape Verde, Africa. CDC has also identified an area in one neighborhood of Miami known as Wynwood, where Zika is being spread by mosquitoes. Pregnant women should not travel to that area (Wynwood). Zika virus is spread primarily through the bite of an infected mosquito, which bites in the day and night, and lives both indoors and outdoors. Other modes of spread, including sexual transmission, have been reported. Only 20% of people infected with Zika virus show symptoms which most commonly include fever, headache, skin rash, joint pain and conjunctivitis (red eyes). The illness is usually mild with symptoms lasting from 2-7 days. Although serious complications and deaths are uncommon, recent increases in birth defects and neurological syndromes are being reported. The CDC travel health advisory particularly impacts women who are pregnant (in any trimester) and women who are trying to become pregnant. There is no vaccine to prevent or medicine to treat Zika. Travelers can protect themselves by preventing mosquito bites and taking precautions including using insect repellents, wearing clothing which covers exposed skin and adopting safe sex practices. Pregnant women in any trimester should consider postponing travel to areas where Zika virus transmission is ongoing. Pregnant women who must travel to one of these areas should talk to their doctor or other healthcare provider first and strictly follow steps to avoid mosquito bites during the trip. Women trying to become pregnant who are thinking about becoming pregnant should consult with their healthcare provider before traveling to these areas and strictly follow steps to prevent mosquito bites during the trip. Mosquito repellent is available in the ship's gift shop or medical facility. For further information contact CDC at <http://www.cdc.gov/zika/index.html>
