Join a professional fishing captain for an exhilarating small-group charter on picturesque Sitka Sound, where you'll spend three hours on the hunt for a variety of salmon species. Your experienced guide will provide all the equipment, tackle, bait and rain gear you'll need for the day — you'll just need to purchase an Alaskan fishing license before leaving the dock. Then head out on a sleek, sportfish cruiser with a group of six fellow anglers to one of Southeast Alaska's most fertile fishing grounds. Surrounded by vast evergreen forest, jagged peaks and a stratovolcano, Sitka Sound is home to king, coho, chum and pink salmon, depending on the season. With current conditions in mind, your captain will have the group alternate turns fishing and "troll" using a downrigger device while the boat is in gear. Or you might use a "mooching" technique where each guest holds a rod while the boat is anchored offshore. Either way, you'll have the chance to reel in a prized catch, of which you can "catch and release" or, for an additional fee, once back at the dock you can meet with a local fish processor to arrange shipping of the fish to your home (credit card only for shipping within the continental U.S.).

Highlights:

- › Sitka Sound: Admire dramatic Alaskan backdrops while motoring in a sportfish cruiser to the area's best fishing grounds.
- › Guided fishing charter: An experienced captain provides the necessary equipment and bait to catch king, coho, chum and pink salmon.
- › Keep your catch: For an additional fee, arrange for a local fish processor to ship your fish to your home.

Important Notes:

- › Guests must be able to walk approximately 100 yards down a variable sloped ramp that can have a steep slope depending on the tides, and guests must embark/disembark the boat with 100 steps.
- › This tour is not suitable for full-time wheelchair/motorized scooter users.
- › Guest with limited mobility can be accommodated.
- › Guests needing special assistance must be accompanied by an able-bodied companion.
- › Consider physical fitness and medical history when selecting tour.
- › Guests prone to motion sickness should take precautions.
- › Guides are professionally trained to help assist guests when reeling in a fish.
- › The catching of fish is not guaranteed.
- › Fish processing (vacuum packing and shipment) is available for an additional charge (via credit card).
- › We are only able to ship to U.S. addresses due to the nature of shipping processed fish. Alaska State law requires a fishing license be purchased for \$20 per person and an additional \$10 is required for a king salmon stamp, to be paid directly to the boat captain in cash. Bring your driver's license as you will need it when filling out your fishing license.

Explore the beauty of Alaska by water and by land, with a personal introduction to its wildlife at a refuge established by Steve Kroschel, the well-known animal tamer, naturalist and independent filmmaker. Board a ferry near the pier for a 45-minute ride, passing through some of the most awe-inspiring scenery on the planet. Other perks include:

Things to consider when booking a Shore Excursion:

- If booking two tours in one day, please allow 45 minutes to an hour between tours.
- Tour departure times are local. Please check your tickets for your meeting location and time. Allow time for the tender ride in the case that your tour meets on the pier. Departure times are subject to change at any time, but you will be notified in advance by the Shore Excursions staff.
- Most tours operate rain or shine. If your tour is cancelled because of weather, your onboard SeaPass® account will be fully refunded.
- Once you purchase your shore excursion online, you will receive a confirmation via e-mail. After you board your ship for your cruise, your excursion tickets will be delivered to your stateroom. Again, please verify meeting time and location as some tours meet in a lounge area on the ship and some at the pier.
- If you wish to cancel your tour prior to the sailing, you can do so online up to 2 days prior to the sail date. Your credit card will be automatically refunded.

Please check the tour description for amenities such as food, drinks and entrance fees. If you decide to leave or deviate from the tour at any time, you will be responsible for the cost to get back on board the ship including any other unrelated expenses. You will not receive a refund for any services that are not utilized.

* Tours with any form of air travel will follow Federal Aviation Administration requirements stating that children 2 years and older on any aircraft must occupy, and pay, a separate seat.

Gratuities

Tour pricing does not include gratuity unless specified. Extending a gratuity to your guide and/or driver is strictly optional; however in some countries, your guide may anticipate that if you are pleased with their services, you will reward them in a monetary fashion. Generally, an appropriate tip would be \$4-\$6 USD per person for a half day tour and \$10-\$15 USD per person for a full day tour.

Currency

For your convenience, currency exchange rates are updated periodically so you can calculate pricing. The purchase of an excursion is charged in the same currency you paid for your cruise.
