Spend the day exploring two of Nova Scotia's most popular sights — the beautiful Annapolis Valley and the captivating Bay of Fundy. Sample award-winning wines at a local vineyard, photograph spectacular tides plus stroll the streets of quaint Wolfville. The Annapolis Valley, a tranquil, bountiful paradise, was the breadbasket for colonial Canada. While taking in the area's natural splendors, your kilted guide will recount the region's rich history, including the expulsion in 1755 of the Acadians, who were descendants of French colonists. You'll also make a stop at a local vineyard to taste a selection of wines. Enjoy free time on your own for lunch in the charming village of Wolfville, a vibrant college town filled with bistros and boutiques. In the 19th century, the town was known for its shipbuilding, and at the time, Wolfville was the world's smallest port. ### **Delays and changes to tour itineraries**

In case of a delayed arrival into a port, announcements will be made regarding the exiting of the vessel and tour departure times. You will be notified of any changes to the tours you have selected unless tour arrangements were made with vendors not advertised through Royal Caribbean International. In this case, shipboard staff cannot provide assistance and Royal Caribbean International will not refund cancellations as a result of any delays.

### **Attire:**

When deciding what to wear, we suggest you check the weather in the area you are visiting and look for the dress code icon in the tour description regarding appropriate dress code. If you have additional questions, please visit the Shore Excursions Desk onboard your ship.

### **Shopping:**

Many tours allow time for guests to shop or explore independently; however that time is limited and can be modified as needed during the tour. Please review the tour description and/or visit the Shore Excursions desk, onboard your ship, for timing on independent shopping and exploration.

**Tour Transportation:**

Please keep in mind that transportation varies throughout the world. Vehicles used for shore excursions may not have air conditioning, restroom facilities and/or seat belts/restraints. For the comfort of all guests, smoking is not allowed on any vehicles used during shore excursions.

**Transportation at Ports:**

Because several ports are not located in the city center, we arrange a shuttle bus service for a fee in those ports. Guests can also utilize the local services. A list of these specific ports can be found onboard.

**Promptness:**

It is essential that ALL guests be back onboard no later than 30 minutes prior to the scheduled departure time. This information is posted daily at the gangway. Although shore excursions meet these schedule requirements, even if you are not on a tour, you are also responsible for being back onboard the ship on time. If for any reason a tour is delayed, the shipboard management team will await the tour's return. However, guests on tours with vendors not advertised through Royal Caribbean International are responsible for ensuring their return to the ship on time as it will not wait for them, despite any delays.

**Legal Responsibility:**

Royal Caribbean International offers shore excursions for guest convenience and peace of mind. Although we have carefully selected the finest excursions at each port, services are provided by independent tour operators. Royal Caribbean International will not be responsible or liable for any loss, damage, injury, costs, or delays resulting from or in conjunction with your use of these services.
